HAZELRIGG NOT IN IT

The Chief Justice Declines to
Enter Governor's Race.

New Asylum Officials Appointed
By Gov. Beckham Preparing
to Take Hold.

Frankfort, Ky., May 28.—Chief
Justice Hazelrigg gave out a state-
ment Saturday positively declining to
enter the race for the Democra-
tic nomination for governor. This
leaves Gov. Beckham the only ac-
tive candidate so far.

Gov. Beckham appointed Dr. J. S.
Redwine, of Jackson, superintend-
ent of the Eastern Asylum at
Lexington. Dr. Redwine will
take charge of the asylum this
week. Dr. Wiley, superintendent
under the Taylor administration, is
now in Virginia and has written
Gov. Beckham that he would like
to be present when the institution
is turned over to his successor so
that he might be able to show him
any courtesies possible. It was there-
fore decided that the new officials
will not take charge until Dr.
Wiley's return.

Dr. J. G. Furnish, the new super-
intendent of the Lakeland asylum,
has assumed the duties of his office.
He was appointed by Gov. Beckham
several weeks ago, but Dr. Lively,
the incumbent, refused to give up
until the decision of the supreme
court.

JUDGE JOHN H. MYERS

Elected President of the Kentucky
Universalists Saturday.

The annual convention of Ken-
tucky Universalists closed a three
days' session at the Universalist
church in this city Sunday night.
The closing sermon was preached
by the pastor, Rev. Arthur Roberts.
The session proved an interesting
one throughout and the attendance
was large, nearly every church in
the State being represented. At
the business meeting held Saturday
the annual election of officers for
the ensuing year took place and re-
sulted as follows: Judge John H.
Myers, Crofton, president; Prof.
W. B. Gray, Crofton, Secretary,
and Mr. G. W. Taylor, Scottsburg,
Caldwell county, treasurer.

Scottsburg, Ky., was selected as
the place for holding the next semi-
annual convention in October, at
which time the place of meeting of
the next annual convention will be
named.

CANDIDATES WITHDRAW.

Little Interest Being Taken in Ap-
proaching Cuban Election.

Havana, May 25.—Except among
Cuban politicians there is compara-
tively little interest in the approach-
ing elections. This is shown by
the very light registration. One of
the worst features of the situation
is the fact that as soon as a party
sees it is not likely to win in a
political quarter it withdraws its
candidate and declares that every-
thing has been arranged unfairly
with a view of defeating him.

The Democrat Union and the Re-
publican parties have both with-
drawn their candidates in Havana,
leaving the election a practical
walkover for the National party.

TAYLOR "PARDON"

Recognized by the Court in Laurel
County.

London, Ky., May 25.—The case
of the Commonwealth of Kentucky
against Robt. Elwell and others,
charged with housebreaking, was
called for trial this morning. A
pardon was presented from W. S.
Taylor on behalf of Elwell, which
the court recognized as valid, and
the case was dismissed.

TWO FOR MURDER.

Circuit Court Convened Next
Monday—Heavy Docket.

Many Divorce Suits Among the
Long List of Appearances
on Docket.

The June term of the Christian
Circuit Court will convene in this
city next Monday for a three weeks'
session.

The docket is a pretty large one,
there being 540 cases to be called,
not including those of several
parties confined in jail, whose al-
leged offenses have not yet been
looked into by the grand jury.
Among the 80 appearances are
about a dozen suits for divorce,
a majority of which were brought by
colored persons. There are 112
continued equity matters to come
up and 65 continued common law
cases to be heard. To this number
is added 183 continued common-
wealth cases.

As the term is only half as long
as the fall and spring sessions of
court it is not probable that all of
the cases will be tried.

The commonwealth cases are all
set for the first week of the court.
The Jack Mason murder case will
be called the fourth day of the term
and that of John Robertson, indicted
for the murder of his brother, Geo.
Robertson, colored school teacher of
Crofton, is set for the fifth day of
the court.

WANTS HEAVY DAMAGES.

L. & N. Road Sued For \$10,000
By Illinoisan.

Sebert Warren has sued the L.
& N. railroad company for \$10,000
damages for personal injuries, al-
leging that same were sustained
on account of the gross and inex-
cusable negligence of the Com-
pany's agents.

Warren was struck by one of the
railroad company's freight trains,
the petition states, while he was
walking upon the track at Kelly,
on Feb. 24, last. He claims that
he was walking upon the end of
the cross-ties and was run down
and struck, without having been
given a warning or signal to get off
the track. He further states that
he was knocked senseless, one leg
and three ribs were broken and
that his injuries are of a permanent
nature. Warren is from Illinois.

BIG LOT SALE.

Johnson's Addition to "The State
Line", Near Guthrie.

Prof. Wm. Robinson, of this city,
on last Thursday afternoon, made
a sale of lots in what is known as
Johnson's addition to The State
Line, one mile west of Guthrie. He
disposed of 34 lots and prices were
quite satisfactory. It is likely that
he will have another sale in the
same village in the very near fu-
ture.

ADJUDGED INSANE.

Young Bennettstown Farmer
Placed in the Asylum
Here.

Charles Cayce, a young man living
near Bennettstown, a son of
Mr. Thos. Cayce, of that neighbor-
hood, was adjudged of unsound
mind by a jury Saturday and sent
to the asylum for treatment. The
case was tried before Judge Can-
sler.

Young Cayce had been display-
ing signs of insanity for some time
and when brought before the court it
developed that he was badly un-
balanced mentally.

the locals, the score being 9 to 6.

GARDEN OF EDEN

Believed to Have Been Located in
Klondike.

Was the father of mankind an American and was Adam and Eve's garden of Eden located in the Klondike, are questions soberly raised by science, and to be personally investigated by Norman Buxton, of Johnson, Ohio, backed by the capital of Morris L. Jesup, the millionaire New York banker, and President of the museum.

Believing that the red Indian was the primal type of man, a unique expedition has been started on the task of finding out all about the Indian tribes of the Arctic zone. The three men whom Barker Jessup has placed in charge of the explorations are Waldemar Bogarus, and Waldemar Jackson, Russians of scientific renown, and Norman Buxton, whose lectures on "Arctic Alaska" will be readily recalled.

Mr. Buxton was a member of the famous McIlhenny scientific expedition to point Barrow, Alaska, and brought from the wilds of the frozen North many curious specimens met with on his travels.

The immediate destination of two of the explorers will be Northeastern Siberia, the theory being held that primal man crossed the world from North America to Siberia, and these deductions have been drawn from investigations made by Dr. Boaz, Livingston Farrand and Harlan J. Smith, who claim that instead of the Asiatic people crossing to the American continent the migrations were from the New World to the Old. The explorers are to separate at Vladivostok. Buxton traveling northward and expecting to meet his comrades in 1901.

Mr. Buxton will confine his work mainly to the zoological field. He will make a collection of birds and mammals of the regions to be explored and also excavate for bones of the enormous animals which once inhabited Northeastern Siberia.

The Russian Government has placed every facility at the command of the explorers, who will carry provisions for two years, and expect to make most of their journey on foot.

In 1903 the three travelers are to meet in New York City, arrange their specimens, compile accounts of their scientific researches and decide from a scientific standpoint whether the Garden of Eden was in the Klondike, which region Mr. Buxton will make particular report upon.

Business Truths Proved True By A

Well Known Advertising Authority.

Advertising is the "Golden Gate" to prosperity.

Advertising is the lever that moves the business world.

Scientific advertising is a development of the last half century. There's an instinct for every vocation—very few men have advertising instinct.

Do you want to feel the pulse of the buying world? Advertise.

The old Cobweb and Spider style of obtaining business is a thing of the past—now you must get customers by judicious advertising.

The public is just as anxious to buy your goods as you are to sell—if the merit is there.

In almost every business there is one leader—where is your place in line?

Procrastination of advertising plans may be the thief of prosperity. The proper time to prepare an advertising campaign is now—be ready.—From the Boston Herald.

Too Much For Him.

At a gathering near Fulton a slight-of-hand performer was performing the old trick of producing eggs from a hat, when he remarked to a little boy: "Your mother can't get eggs without hens, can she?" "Of course she can!" replied the lad. "Why, how is that?" asked the conjurer. "She keeps ducks," replied the boy, amid roars of laughter.—[Fulton Leader.

FOR MIDDLE-AGED WOMEN.

Two Letters from Women Helped Through the "Change of Life" by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—When I first wrote to you I was in a very bad condition. I was passing through the change of life, and the doctors said I had bladder and liver trouble. I had suffered for nine years. Doctors failed to do me any good. Since I have taken Lydia E. Pinkham's Vegetable Compound, my health has improved very much. I will gladly recommend your medicine to others and am sure that it will prove as great a blessing to them as it has to me."—Mrs. G. M. GIBBS, 901 DeKalb Ave., Brooklyn, N. Y.

Relief Came Promptly

"DEAR MRS. PINKHAM:—I had been under treatment with the doctors for four years, and seemed to get no better. I thought I would try your medicine. My trouble was change of life, and I must say that I never had anything help me so much as Lydia E. Pinkham's Vegetable Compound. Relief came almost immediately. I have better health now than I ever had. I feel like a new woman, perfectly strong. I give Lydia E. Pinkham's Compound all the credit, and would not do without her medicine for anything. I have recommended it to several of my friends. There is no need of women suffering so much for Mrs. Pinkham's remedies are a sure cure."—MAHALA BUTLER, Bridge-water, Ill.

FAIRVIEW MOSNTROSITIES.

Egg With Double Shell And One With Triple.

Fairview comes to the front with two monstrosities in the way of hen fruit. Mr. J. D. Shepherd, who lives near that place, showed a representative of the KENTUCKIAN a hen-egg that had two firm shells. Just under the outer shell was a larger of meat surrounding another hard shell. The egg was the product of the ordinary hen and was of the usual size. Regarding the other Fairview product the Fairview Review gives the following description:

"Mr. C. E. S. White, who lives some four miles West of this place, brought to this office quite a curiosity last Saturday in the way of a hen egg. It was about the size of an ordinary goose egg, and when broken open contained a hen egg of the ordinary size, with a shell on it, also another one with a soft shell on it, or, in other words, the big egg had two fully developed eggs in it, one with a hard shell and one with a soft shell."

CASES DISMISSED.

Victim Of Three Bullets On Road To Recovery.

The examining trial of Rex Chandler, charged with shooting and wounding Rivers Tramble, col., at Lafayette, was held in the City Court Saturday. After hearing the evidence Judge Leavell dismissed the case.

The warrant against Edmund Boyd, charging complicity in the shooting, was also dismissed in the County Court.

Tramble, it was at first thought, had been mortally wounded, one of the three balls having passed through his bowels, but he is now on the road to recovery and unless there is a backset will be out in a short while.

At the county teachers' examination held here last week there were 32 applications for certificates. Of this number two were given first-class papers, thirteen got second class, five received third, and twelve failed.

The examination of colored teachers was held Friday and Saturday, but the result has not yet been announced.

JUNE AND JULY

Two Conventions Called For Next Sixty Days.

One at Louisville June 14 And The Other at Lexington July 19.

Frankfort, Ky., May 25.—After a full and free discussion the State Executive Committee decided to call two separate State conventions. The first will be in Louisville, June 14, for the purpose of selecting four delegates from the State-at-large to the National Democratic convention at Kansas City, July 4. The second will be at Lexington, July 19, for the purpose of nominating a candidate for Governor to fill out the unexpired term of Gov. Goebel. Everybody who will support the ticket this fall is invited to participate in the conventions.

The vote on the question of one or two conventions was as follows:

For separate conventions—Lusby, Jones, Ringo, Roark, A. W. Young, Gardner, Dishman.

Against separate conventions—Meacham, Lassing, Huggins, Cook, W. A. Young, Ayres. The vote stood six to six, the deciding vote being cast by Chairman Allie W. Young.

There was practically no difference of opinion as to the date—June 14—for the convention to select delegates to Kansas City. For the gubernatorial convention, Mr. Lassing, of the Sixth district, proposed July 19 as a compromise, and it was unanimously adopted.

The committee met last night and after considerable discussion Lexington was chosen as the place for holding the gubernatorial convention. The vote on the proposition between Lexington and Louisville resulted in a tie. Chairman Young voted for Lexington and threw it to the Bluegrass city. Those who voted for Louisville were: Messrs. Huggins, Ayres, Roark, Meacham, Ringo and Jones. Those who voted for Lexington were: W. A. Young, Lusby, Lassing, Cook, Gardner and Dishman. Mr. Huggins, knowing that Chairman Young would vote for Lexington, moved that the vote in favor of Lexington be made unanimous, and the motion was carried.

Mr. Meacham offered a resolution, which was adopted, providing that in the event the proper authorities shall decide that an election for Governor this fall is not necessary, the chairman of the committee is empowered to revoke the call for the gubernatorial convention.

The Official Calls.

At a meeting of the Democratic State Executive Committee of Kentucky, held at Frankfort, Ky., May 24, 1900, all of the members being present in person or by proxy, the following calls for State conventions were ordered:

It is ordered that a State Convention be held in the city of Louisville on Thursday, June 14, 1900, for the purpose of selecting delegates to the Democratic National Convention at Kansas City on the 4th day of July, 1900. Said convention shall be called to order at 2 o'clock p. m.; Standard time. Delegates to said State Convention shall be chosen at county mass-conventions, to be held at the various county courthouses in counties having but one legislative district, of which due notice shall be given by the various county chairmen. In counties having more than one legislative district there shall be a convention for each legislative district, to be held at some convenient point to be indicated by the chairman of the Legislative District Committee, who shall advertise in the local papers the location for said convention at least ten days prior to the date fixed by this committee. Said county and legislative district conventions shall be held at 2 p. m., Standard time, on Saturday, June 9, 1900. Said conventions shall be called to order by the chairman of the respective County or Legislative District Committees. The basis of representation of each county to the said convention shall be one delegate for each two hundred votes and fraction consisting of one hundred or more votes, cast for the head of the Democratic electoral ticket at the presidential election in 1896, provided that each county

shall have at least one delegate vote. All persons who will at the November election, 1900, be legal voters in this State, who are devoted to the principles of the Democratic party and desire to see those principles succeed, and who by participating in the mass-meetings will feel in honor bound to support the nominees of the Democratic National Convention, shall have the right and are hereby invited to participate in the said meetings.

The Democrats of Kentucky are a law-abiding and a peace-loving people. They would welcome, not repel, from their association those Kentuckians who love liberty and justice and who hate crime. Under Republican rule the civil arm of the State Government was struck down, and a military usurpation was set up in its place.

Under Republican rule murder was made a weapon of party warfare, and Republican officials obstructed and defied the courts in their effort to discover and punish its authors. In view of these things we invite every Kentuckian who remains a true Kentuckian and without regard to former political affiliations to join with us in stamping out their possible recurrence, and to share with us the glory of redeeming the honor of the State and reviving the memory of the patriots and sages, who, in his better days, made it prosperous, illustrious and happy.

Gubernatorial Convention.

It is further ordered that, on Saturday, July 14, at 2 p. m., Standard time, there shall be held at each voting precinct in the various counties and legislative districts of the State of Kentucky, at the usual voting places, a precinct convention for the purpose of appointing delegates to a county or legislative district convention on Monday, July 16, at 2 p. m., which county and legislative district conventions shall in turn appoint delegates to a State Convention, to be held in Lexington, Ky., on Thursday, July 19, 1900, for the purpose of nominating a candidate for Governor, to be voted for at the November election, 1900. Provided, that in the counties of Campbell, Kenton, Fayette and Jefferson legislative district conventions only shall be held in lieu of precinct conventions.

The basis of representation for precinct delegates shall be one vote for each fifty votes and fraction over twenty-five cast for the Bryan Electors in 1896. The basis of representation for county delegates and the qualifications of voters shall be the same as provided for in the State Convention above ordered for the State Convention.

CREATED A PANIC.

Fusillade at a Circus Performance at Bowling.

Clark Bros.' small overland circus showed Friday night at Bowling, in South Christian. As the crowd, composed mostly of negroes, left the tent unknown persons began to shooting pistols. A panic ensued; everybody who had a pistol used it, and between fifty and seventy-five shots were fired. Pistol reports, mingled with shouts of women and men, made an indescribable din. A number of persons were wounded. Mary Bell was shot in the hip; Frank Rives was wounded seriously in the head; Zordi Wells and "Buster" Davis were both shot in the legs. Others were slightly hurt. In the rush to get away from the bullets several children were badly trampled.

COL. H. P. POTTER.

Death of The Prominent Bowling Green Banker.

Was at Oak Grove Visiting His Father-in-Law Hon. Jas. A. McKenzie.

Col. Hubert P. Potter, of Bowling Green, one of the best known and most prominent men in the State, died at 2 o'clock Sunday at Oak Grove, this county, at the home of his father-in-law, the Hon. James A. McKenzie. His death was due to kidney trouble. The body was taken to Bowling Green last night and will be interred in Fairview cemetery. Col. Potter was forty-three years of age.

For many years Col. Potter was the acknowledge social leader of his city and section. He was one of the handsomest men in the State and quite wealthy. He was an equal partner in the banking firm of P. J. Potter's Sons, one of the oldest institutions of the kind in Kentucky. He obtained his title by serving on the staff of Gov. Buckner, although for a number of years he held different offices in the Kentucky State Guard. He was one of the organizers twenty years ago of the Bowling Green Guards, composed of the aristocracy of the city, and at the time considered the crack company of the State, overshadowing even the famous Company C of the old Louisville Legion.

Col. Potter was a prominent Elk, a Mason, Knight of Pythias and Knight Templar. All of these orders will take part in the funeral, which will be one of the largest in the city's history. His father, several sisters and two brothers, as well as the widow and two children, survive him. The family is one of the oldest and largest in the State. While Col. Potter's death was not unexpected, it caused much sorrow in this city, where he was so well-known and popular. His wife was the beautiful Miss Mamie McKenzie, to whom he was married about ten years ago.

There are fine crop prospects so far. Fruit will not be very plentiful, but still enough for most purposes. The late rains were all the wheat crop needed and the tobacco has about all been set out.

Royal Entertainment.

One of the most pleasant of all the social functions of the season was the entertainment given by Mr. and Mrs. Thos. W. Long Friday evening, complimentary to Mrs. Long's guest, Miss Susie Soaper, of Henderson. Their residence was handsomely decorated for the occasion and refreshments were served. There were about fifty young people present and a most enjoyable evening was spent.

CONSTITUTION

No Longer Recognized by Governor of Indiana.

Being a Republican, Governor James Mount, of Indiana, probably shares the opinion of General Wesley Merritt and other exponents who maintain that the Federal Constitution is a back number. At any rate, he proceeds in conformity with that assumption, says the Chicago Chronicle.

The Federal Constitution prescribes that a person charged in any state with treason, felony or other crime who shall flee from justice and be found in another state shall, on demand of the executive authority of the state from which he fled, be delivered up, to be removed to the state having jurisdiction of the crime.

Governor Mount nullifies this mandate. He doesn't argue the matter. He doesn't seek to construe the language of the constitution to make it mean one thing or another. He simply declares that he won't deliver up certain persons who are charged with felony and whose extradition is demanded by the Governor of Kentucky, the state from which the accused persons fled.

"We have outgrown the constitution," was the language of General Merritt some months ago. "I don't recognize the constitution," is the purport of Governor Mount's deliverance in answer to the requisition of the Kentucky Executive.

Argument is, of course, idle against such a position. Force is not to be thought of. The effect of the matter is to render the State of Indiana a sanctuary for accused murderers, providing they happen to be Republican politicians thwarted in an attempt to usurp offices to which they have not been elected.

Charles Finley and W. S. Taylor, evicted from stolen offices by the highest tribunal in the nation, find safe refuge from charges of murderous complicity beneath the sheltering arm of James Mount, Republican Governor of Indiana.

His Excellency not only believes that the constitution should be damned, but personally attends to the job.

Case Against Jim Howard Continued Indefinitely.

London, Ky., May 25.—The case of the Commonwealth of Kentucky against James Howard, charged with the murder of George Baker in Clay county, during the Howard-Baker feud, was called this morning. The witnesses were discharged and the case continued indefinitely as a result of an agreement between the Baker and Howard factions.

This action virtually releases Howard from this charged murder. Howard is in jail at Frankfort, charged with the willful murder of Gov. Goebel.

The Howard-Baker feud is practically settled.

An Ancient Belief.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of acute or inflammatory rheumatism will agree that the indication is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and the quick relief which it affords is alone worth many times its cost. For sale by R. C. Hardwick.

A new bank is to be established at Glasgow soon.

"Take care of the pennies and the pounds will take care of themselves."

Large things are but an aggregation of small things. If we take next out the small things we are in effect taking care of the large things which the small things combine to make.

Take care of what you eat, and how you eat, and your stomach will take care of itself. But who takes care of such trivial things? That is why, someday, the majority of people have to take care of the stomach. When that day comes, there is no aid so effective in undoing the results of past carelessness as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, and restores the organs of digestion and nutrition to a condition of healthy activity. It cures biliousness, heartburn, flatulence, indigestion, palpitation, dizziness, cold extremities and a score of other ailments, which are but the symptoms of disorder in the stomach and its allied organs.

LIVES ON BUTTERMILK.

His Sole Diet For The Past Ten Months.

A rather extraordinary state of affairs exists with Mr. John A. Wiloughby, a well-known farmer who lives in Allen county, just over the Warren line, says the Bowling Green Journal. He was in the city several days ago, and upon being seen to pull a quart bottle of buttermilk from his pocket and take a swig, was asked about his decided change of diet, and the following facts were elicited: Mr. Wiloughby up to within eight or ten months ago was in an exceedingly bad state of health. He had stomach trouble, and tried all kinds of medicine, but without benefit. He had fallen away until he weighed only 108 pounds, and was constantly growing worse. He decided to abandon his medicines and enter upon a course of treatment of his own. He accordingly stopped eating and since that time to the present has not tasted a mouthful of food of any kind. Neither has he drunk any water, coffee, tea or anything of the kind. His sole diet has consisted of buttermilk, and he has lived on this for ten months. When he feels a sense of hunger or thirst he takes a drink of the milk and then he feels all right. He never leaves home without taking a bottle of milk with him, and it is to him at all times both drink and food.

Since beginning his buttermilk treatment he has constantly improved in health, and from a weight of 108 pounds he has increased to 150, and feels as well as he ever did in his younger days.

A Deserved Compliment.

The Hardin County Democrat, published at Elizabethtown, Ky., pays the following compliment to one of our esteemed fellow townsmen:

"Col. W. A. Wilgus, ex-Postmaster of Hopkinsville, and Southern Passenger Agent of the C. & O. Railway, a Democrat of Democrats, and, best of all, a journalist by training and the firm friend of the craft by inclination, made The Democrat a pleasant call Saturday. Wilgus is one of those rare fellows, who maintains the same debonair exterior under all sorts of circumstances. Since in his manner to all, frank in speech, and honest in conviction, he commands respect and compels good will. While postmaster at Hopkinsville, under Cleveland, at a time when public officials had to be very guarded to escape charge of pestiferous or pesky or pernicious activity—which ever it was called—he stood with the Democratic party openly and boldly, and has done so ever since. Yet we venture to say no Democrat is regarded more highly by the newspaper men of all parties than W. A. Wilgus. No man, whatever his social or financial condition, ever addressed himself to Col. Wilgus that he was not received courteously with the tact and manner of the well bred gentleman; and we can personally testify to the pleasure he takes in bestowing a kindness. Col. Wilgus has always been a busy man, and aside from his term as postmaster of his native town, which he served with credit to himself and the administration he represented, he has held no public office, but as a Democratic candidate for and office which would fit him, he would run like wildfire."

MILLS CLOSE.

One Thousand Men Thrown Out Of Employment.

Juliet, Ill. May 25.—Nearly 1,000 men were thrown out of work when, at noon to-day, the converter and ball mills of the Illinois Steel Company were closed for an indefinite period. Only the blast furnaces and merchant mills are now running. It is stated that the closing of the tin plate mills of the Great Western Company, on account of a strike, is responsible for the shut-down of the Illinois Company's billet mills to-day.

Five Miles In The Air.

The greatest height ever reached in a balloon was 25,160 feet. Two of the three aeronauts who made this ascent were suffocated.

Paying for a dead horse is an irksome duty. Mr. Bull has many dead horses to pay for this year.

The woman who makes her bed and looks for it in her purse, among other impossible places, is very like the physician who looks for the seat of impossible diseases for the cause of a disease. The heart begins to act irregularly and straightaway there is an accumulation of the heart to find what is interfering with it. The liver gives trouble, and is dosed with drugs and pounded with pills to bring it to light the cause, and all the time the cause of the trouble is in the stomach.

The intimate connection of the stomach with the heart and the other vital organs, necessarily results in the sympathy of these organs with any derangement or disease of the stomach and the organs of digestion and nutrition.

Thousands have been cured of palpitation, liver trouble, shortness of breath, pain in the side, headache, and numerous other ailments by the use of Dr. Pierce's Golden Medical Discovery. This medicine acts directly on the stomach, the organs of digestion and nutrition and the blood making glands, and the fact that it cures so many forms of disease is the best proof that these diseases originate in the stomach and must be cured through the stomach.

"I had been a great sufferer for several years, and my family doctor said I was not a living man in two years, but, thank God, I am now," writes Dr. George W. Truett, of Lyscomb, Augusta Co., Va. Dr. Pierce's Golden Medical Discovery is what saved my life. I had heart trouble so bad that I could not lie on my left side without a great deal of pain. I was nearly dead when I commenced using your medicine, but I can do about as much work now as any man, I cannot say too much for the benefit I have received."

The People's Common Sense Medical Adviser, the "Bible of the body," is sent free on receipt of 21 one-cent stamps to pay expenses of mailing only. Write for it on paper covers, or 31 stamps for cloth-bound edition. Address Dr. J. C. Pierce, Buffalo, N. Y.

How To Take Cod Liver Pills.

Nearly everyone knows that when they are thin there is no remedy in the world equal to cod liver oil to make them fleshy. Yet there is nothing against which they rebel more promptly. There were a great many ways recommended for making cold liver oil pleasant. Among these we would mention placing a pinch of salt in the mouth before and after taking the dose of oil. Syrup of bitter orange peel was also recommended. But now all this is unnecessary. Science has found a way of making cod liver oil not only pleasant to take, but easy to digest. Messrs. Scott & Bowne have brought this science to perfection in their Scott's Emulsion, which is cod liver oil free from disagreeable odor, and taste, and already partly digested.
